¹ Qualified BBCOR bat – A Big Barrel bat that is made by a USSSA approved bat licensee, has a BBCOR mark permanently attached to the bat that is recognized by NHSF as a legal bat for NHSF sanctioned play and has no more than a minus 3 ounces difference from the length of the bat. Minimum bat length is 29 inches. Certain 14U and 13U USSSA tournaments and leagues may be run allowing only BBCOR and wood bats from approved USSSA Bat Licensees.

^{1A} Beginning with the Fall 2017 season, 14U USSSA tournaments and leagues will limit bats to those that have a minus 5 (-5) or less differential between weight in ounces and length in inches. In addition, certain USSSA 13U Tournaments and Leagues may be similarly limited by this minus 5 (-5) differential. Beginning January 1, 2018, USA Baseball marked bats manufactured by an approved USSSA Bat Licensees will be allowed in USSSA sanctioned play alongside USSSA 1.15 BPF marked bats unless in the discretion of USSSA such bats result in a competitive distortion or safety risk.

² USSSA marks and other graphics of the bat must be applied permanently and must be applied by the USSSA licensed manufacturer. No stickers or decals are allowed and no one may add graphics to a bat once manufactured. Use of a bat with graphics not applied by the manufacturer will be use of an altered bat and subject to suspension under the USSSA Altered Bat rules. In addition to being violation of the USSSA Altered Bat rules, any use, creation or application of a USSSA mark without written permission of USSSA is a violation of Federal Trademark law and may result in prosecution by USSSA. If you have any concern about the person selling or providing you a bat, do not accept the bat, because you will be held responsible for any bat you bring into or use in a USSSA facility.

³ In 2014, 23" and shorter small barrel tee ball marked bats do not require a USSSA New Mark, but tee ball bats longer than 23" do require the New Mark. But in no event may a bat be used in USSSA sanctioned play if it is not manufactured by an approved [USSSA Bat Licensee](#).
